

*Snowman:* Start with a square piece of white paper. It should be white on both sides (photocopy paper works well...a letter size template with a face is provided).

*Santa Hat:* Start with a square of red and white paper, about half the length of the square used for the snowman. If you are using photocopy paper (letter size or A4), a standard piece of 15 cm origami paper will work reasonably well.

*Snowman:* Start with a square piece of white paper. It should be white on both sides (photocopy paper works well...a letter size template with a face is provided).

*Santa Hat:* Start with a square of red and white paper, about half the length of the square used for the snowman. If you are using photocopy paper (letter size or A4), a standard piece of 15 cm origami paper will work reasonably well.

Repeat last four steps on the other side.
